OF ELECTRONIC DEVICES

TERMINAL DISCLAIMER IN ACCORDANCE WITH 37 C.F.R. § 1.321(b)

Box AMENDMENT-FEE Assistant Commissioner for Patents Washington, D.C. 20231-0001

Dear Sir/Madam:

The owner of the instant application is the same as the owner of U.S. Patent No. 5,769,691 in that the instant application is a continuation of what is now known as U.S. Patent No. 5,769,691. U.S. Patent No. 5,769,691 was assigned to SpeedFam Corporation by way of a proper Assignment which was recorded in the United States Patent and Trademark Office at Reel 8330, Frame 0122. Accordingly, the owner of the instant application, SpeedFam Corporation, hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend it beyond the expiration date of the full statutory term defined in

35 U.S.C. §§ 154-156 and 173, as presently shortened by any terminal disclaimer, of prior U.S. Patent No. 5,769,691. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154-156 and 173 of the prior patent, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

As Applicant's attorney of record, I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Dated: October 9, 1998

Laura J. Zeman
